Handwritten notes and signatures are visible in the left margin of this section.

The Hancock County Board of Supervisors met last night to consider a resolution to protest the city of Bay St. Louis' attempt to issue bonds for the construction of a new harbor. They voted to send a letter to the city council expressing their concerns and requesting that the bond issue be withdrawn.

### Joe Burrow killed in auto crash

Joe Burrow, a local resident, was killed in a car accident on Monday morning. The accident occurred on Highway 90, near the intersection with Highway 1. Burrow was driving a 1965 Ford Mustang when it lost control and rolled over. He was pronounced dead at the scene. The cause of the accident is still under investigation.

The registration in Hancock County is at an all-time high, with more than 1,400 voters registered as of July 1. This is a significant increase from the previous year, when the total was around 1,100. The increase is attributed to a combination of factors, including a successful voter registration drive and a higher turnout at the polls. The county officials are pleased with the results and hope to see continued participation in future elections.

## Report from capitol

By Sen. Morris Smith

The final stage of the government's educational program, that of determining a way to finance it, has been concluded. Through the efforts of a joint conference committee, the sales tax and income tax laws have been revised. For the first time, Mississippi will go to a withholding system of income tax collection. I was appointed by the lieutenant governor to serve on the Income Tax Conference Committee and was the only member from the legislature. This committee was charged with the task of recommending a way to finance the educational program. It was a difficult task, but we have accomplished it. We have recommended a sales tax and an income tax. We have recommended a sales tax and an income tax. We have recommended a sales tax and an income tax.

I voted against the tax measure while in the Senate Finance Committee and plan to oppose it on the floor of the Senate. This, of course, does not mean that it will not pass and those of us who opposed it in the Finance Committee were successful in having it passed. The tax measure is a good one. It is a good one. It is a good one. It is a good one. It is a good one.

## Garbage, fast trains are topics

Frequency of garbage collections and speeding trains occupied Waveland town council at the mid-month meeting last Wednesday.

Letter from Bay Waveland Boardfront Improvement Association requesting that refuse be picked up on a bi-weekly basis was one of the topics discussed. Mr. G. J. Gox, Jr., attorney for the association, was asked to explain the situation. He stated that the number of homes in the area was increasing, and the existing collection schedule was inadequate. He requested that the council consider a bi-weekly collection schedule.

Complaints regarding the slow movement of trains passing through Waveland were also discussed. The council was informed that the railroad was planning to increase the speed of its trains, which would result in increased noise and vibration in the surrounding area. The council discussed the possibility of installing sound barriers and other measures to mitigate the impact of the trains.

### Parks group picks Buehler as president

Warren (Buck) Buehler was elected president of the Bay Parks and Playgrounds Commission at a meeting last Wednesday succeeding Woodrow Lafontaine.

Vincent Morreale was elected vice president replacing Buehler and the office of secretary-treasurer, previously held by Lee Paul, was split with Paul remaining as secretary. Donald Caldwell was named treasurer.

Patricia Robinson, Gulf National; Betty Johnson, Braves; Anne Kido, American Legion; Mary Debenport, Cardinals; Jude Ann Blaise, Jaycees and Dana Bielestein, American Legion Independents.

The double-bracket tournament was interrupted two weeks ago when all-stars from each of the teams in the league traveled to Long Beach for the district tournament where they were picked off by Pilsbury. American Legion won the regular season pennant and are slight favorites to win the play-off.

Although this will end league play, several tournaments are in the making including one at Waveland and another against Pass Christian's youths.
